

Djane My Canaria

Since Djane My Canaria was a little child she is infected by the music. At the begin she used mono + stereo recording on tapes and collected old speakers witch were trashed by the neighbor- hood. Everybody at the living room had to be quiet as she recorded her tapes by using the integrated microphone... Since this time she called music to the most important thing of her life. Already a lot of years now, My Canaria is amusing her friends and her families with her recordings at tapes and CD. In the Year 2009 she becomes her first producing software and her music fever still burned a little higher again. Making even more and more grooves , loops collecting samples all over the world she went deeper and deeper into the producing scene. Djane My Canaria begins to collect a familiar fan base by releasing her works at her youtube canal. After the 4th. time a track got played @ germans biggest dance radio "Sunshine Life" she place her first track at a benefit compilation called "Music4Life - Die Charity CD" before she was happy about she got signed by YouVV Music as upcoming talent. This was end of 2012... and now?
