

Ian "Yock" Manuel

After years of gigging in pubs, clubs, parties and any which way the wind took him, He eventually arrived at a time, when upon advice from friends, He thought it would be a good idea to record his own songs. The first EP of original songs that He has written, for the listening pleasure of all, or at least if not; just for future personal memories. Time to introduce a man larger than life, with a personality to match, muso companion and drinking buddy STEVE HOGGART, who has brilliantly immortalised his songs for eternal reference.

GOOD LUCK AND BEST WISHES to everyone he has had the pleasure to share the stage with; to the people who have sat and listened, to the landlords and landladies who have tolerated and lay witness to both his drinking skills and faults.
