ManFrog - New Single - Rise

Up-coming Teesside based Progressive-influenced band ManFrog are proud to release their new single - Rise. Showcasing the band's song writing ability as well showing they are not afraid to tackle current political agendas. Rise is an upbeat track focussing its lyrics on challenging the establishment and driving change in these testing times. Driven by a metranomic groove and then bursting into twin guitar solos, Rise takes the listener on an audial roller coaster, guiding you through the questions driving political society.

After a busy 2019 where they played in festivals and venues across the North East, ManFrog are pleased to release their new single, with more to follow in the next couple of months. 2020 promises to be even better for ManFrog.

Formed in late 2018 ManFrog got together when 2 bands became one. The band quickly established that there was a niche in the Teesside music scene and wrote the music they loved and listened to, which manifested into a progressive rock influenced path. By the end of 2018 they had headlined in local venues and gained many fans in a short space of time. ManFrog showcase their progressive style drawing influences from all sides of rock, such as Tool, Dream Theater, Porcupine Tree, Pearl Jam, Queensryche, Led Zeppelin and Wishbone Ash.
