

*You can't fool your heart*

*robert donaghey*

*Axel von Malmborg*

When I was eighteen I bought my first guitar, started jamming some simple chords and wrote my first lyrics... Since that time I have been inspired to write a lot of songs...

Now many years have passed... I guess that it has always been a secret, passionate dream to release the slumbering potential that I felt inside, so that something like this could come true...

Along the winding road I finally met with Nils-Peter, whose exceptional musical talent and skill along with his technical know how and studio facilities, made this project possible. With him came his wife Rakel and her sister Tabita. Their beautiful voices give a special blend and colour to this CD.

The time was ready - the fruit ripe - and the sun of inspiration was shining upon us... What a lovely time we spent together!!!

But all this could never have happened without The Magic of Love!!! I am so grateful for all the support from my lovely wife, my two sons, my parents, brothers and sisters and all near and dear friends. Thanks for all your good and honest feedback along this journey...

Finally! Everything is woven together... This is the delightful mystery of life!!!

*Creating and recording this album  
has been a  
wondrous and amazing  
journey...*

*Like a sublime puzzle  
suddenly all pieces came together  
Magic keys  
opened the source of inspiration  
creativity, will and power  
needed to  
accomplish this CD*

*May the music and lyrics  
touch your Heart  
and Soul...*

## 1. You Can't Fool Your Heart

I saw an Angel, magnificent light  
wings of love glowing in the night.  
And like a mirror clear & true,  
reflecting the wonder of me & you.

I saw an Angel wild & free  
the holy flame in you & me.  
A blazing miracle dancing through time,  
full of love songs of ancient rhyme.

And I can truly say, She lit up the way  
revealing secrets so sublime  
then with a voice so utterly divine  
She sang to me;

*You can't fool your heart,  
Your Souls inner spark lights the way...  
Just follow your dream, how strange it may seem  
it will lead you on and on...  
Don't be afraid of the dark it's just a ghost shark  
and it won't tear you apart, just expanding Your Heart  
Just expanding... just expanding... Your Heart!*

I saw an Angel, magnificent light, wings of love, glowing in the night.  
And like a mirror clear & true, reflecting the wonder of me & you.

## 2. Do You Believe

I believe in love  
a magic flower in a heart of gold.  
I believe in love  
morning sunshine gets you out of the cold.  
Do you believe in love?

I believe in you.  
You're full of life beautiful and true.  
Do you believe in me?  
Do you believe, do you believe in love?

*Whenever you need me, call me to your heart  
I will meet you there and I'll blow your fears apart  
When ever you're sad and down, feeling alone  
Just call my name - like a holy flame  
I'll be there with you,  
I will guide you through  
I am your Angel of love & light*

Come take my hand,  
walk with me to the Promised Land  
It's closer than the sky  
we'll be home in a twinkle of an eye  
You and me, wild and free in love...

*Whenever you need me, call me to your heart...*

### 3. Moving On

*Moving on... Weak & strong  
In darkness & light, through the day & night*

We are together in happiness & pain,  
We are together through the verse & refrain  
We are together husband & wife,  
We are together through death & life

*Moving on... moving on... We are moving on  
Tied together you & me until the end*

We are together young & old,  
we are together in the heat & cold  
We are together the living & dead,  
we are together in body & head  
We are together you & me,  
we are together the chained & free  
We are together in heaven & hell,  
we are together in any way you can tell

*Moving on... moving on... We are moving on  
Tied together you & me until the end*

We are together, we're moving on.... We are together the weak & strong  
We are together in darkness & light,  
We are together through the day & night

#### 4. The Crack

Oh you're calling me back.  
I can hear you whisper through the crack.

Oh... I see your eyes  
tears of fire melting the ice  
and burning right through my bones.

*I can hold a rainbow I can kiss the sky  
I can breathe your lips until the day I die  
And I say oh...*

I see Your Face  
Changing patterns  
in an endless space  
Oh... I feel your love  
crossing the borders  
like a free dove

*I can hold a rainbow I can kiss the sky  
I can breathe your lips until the day I die  
And I say oh...*

You're calling me back  
I can hear you whisper through the crack  
Through the crack... through the crack...  
The crack.

## 5. Boat of Freedom

Boat of freedom sailing now  
Do you want to come along?  
We'll be doomed for the rest of our life  
if we don't sail when the winds are strong!

Boat of freedom sailing now  
Do you want to come along?  
Just follow the stars in the night  
and set for the morning sun!

*Sail when the winds are strong, leave with the tide  
Sail to the Seagulls song, they know you can't hide  
You can't hide... You can't hide...*

The Ocean is deep & wide my friend  
Together we will reach the other end  
And we will go where our hearts know we're home!

Boat of freedom sailing now  
Do you want to come along?  
Just follow the stars in the night  
and set for the morning sun!

*Sail when the winds are strong, leave with the tide  
Sail to the Seagulls song, they know you can't hide  
You can't hide - You can't hide  
Boat of freedom... Boat of freedom... Boat of freedom...*

## 6. Wake Up

I can see your beauty so heavenly divine  
Feel you pain and your sorrows  
though you say you feel fine.  
Open up your heart, tears will wash you clean.

In a dream there's a river a sacred flow  
merge with the mighty stream, just let go  
Sail into the Ocean, grace will set you free.

*Wake! Wake up! Life is here today  
and now's the only way  
Wake up my love...*

Your eyes are like diamonds flooding light  
Through the windows of your temple  
filled with glorious might.  
The sky is waiting, love will heal your wounds.

In a shrine there's a secret gleaming in the night.  
Burn and surrender, give up the fight  
Hear the songs of heaven; darkness turns to light

*Wake! Wake up! Life is here today  
and now's the only way  
Wake up my love...*

## 7. Home

Woke up this morning  
I was feeling pretty good.  
I had a strange dream  
but I'm sure I understood  
the message that was given; I was crazy but clear  
Fire & flames everywhere, and I was watching  
a house burn down, leaving the ashes on the ground.

The sun is rising a new day is here  
and life is moving changing everywhere.  
We got to live each moment, as it may be the last  
You know the years keep on rolling by  
A lifetime passes so fast...

*We got to go home... We got to go home...*

Feel the light it's in your heart, let it spread to each and every part  
People are longing to be free!!! We got to go home...

People are longing to be free  
people like you and me.  
People are longing to be free,  
so we got, I said we got;  
We got to go home.

*We got to go home... We got to go home...*

## 8. Surfing On Light

Walking together on a sacred path  
transforming our wounds into light.

Rejoicing in awe  
with a million eyes  
spreading our tears in heavenly skies.

Our endless prayers the hearts true quest

Calling us deep to our source  
Eternal wisdom igniting the way  
To the enlightenment  
of a glorious day...

*We sing our songs of love*

*The wave grows*

*Surfing on light spirit flows...*

*Surfing on light riding the wave*

*Surfing on light you need to be brave*

*Surfing on light spirit flows*

*Surfing on light the wave grows...*

Walking together on a sacred path  
transforming our wounds into light.

Rejoicing in awe  
with a million eyes  
spreading our tears in heavenly skies...

## 9. The Goddess

We just had early breakfast, some bread and a cup of tea.  
Our bodies are awakening; life is flowing in you and me.

We're walking together under the burning skies  
and there's a taste of heaven shining through your eyes.  
You're so beautiful today, such a glorious revelation:

*I see a Goddess standing by my side  
I see a woman; come take me for a ride  
I see a Goddess pouring light into my soul  
I feel your love... Oh heaven is making me whole!*

This morning feels so fragrant a mystery of the heart.  
And everything changes, today's a brand new start.  
We're strolling up the mountain along the old forest trail.

*I see a Goddess standing by my side  
I see a woman; come take me for a ride  
I see a Goddess pouring light into my soul  
I feel your love... Oh heaven is making me whole!*

You're so beautiful today, such a glorious revelation:

*I see a Goddess standing by my side  
I see a woman; come take me for a ride  
I see a Goddess pouring light into my soul  
I feel your love... Oh heaven is making me whole!*

## 10. In The Name Of Love

Dreamers come... dreamers go...like ripples in the flow...  
River of time you're mighty and strong, like a train you pushed on.

I've been playing day & night  
Spinning through darkness & light  
I am ready - Time says now! Humbled I bow  
And I hear music, Heavenly beat I surrender at your feet  
All the flowers great the sun;  
Let Thy Will Be Done!!!

*In the name of love I'm falling to my knees*  
*In the name of love I'm climbing up the trees*  
*In the name of love I'm reaching for the sky*  
*In the name of love I'm willing to die...*

I can't hold on any more... Take me to the other shore  
Where all mortal dreams fade into Your Heart

Dreamers come... dreamers go... like ripples in the flow...  
River of time you're mighty and strong like a train you pushed on.

I've been playing day & night - Spinning through darkness & light.

*In the name of love I'm calling out Your Name*  
*In the name of love I'm burning in the flame*  
*In the name of love I'm regaining my soul*  
*In the name of love I'm rising from the fall*
