Born in Arkansas by way of New York, New Jersey, Florida, Philadelphia and raised in California. Nurtured by the many musical influences of multicultural radio Greg grew up in a house filled with music from all styles and genres. His soulful styles reflect many of his influences of R&B, Pop, Jazz, Soul, Funk, Classic Rock, Gospel, Blues and Latin styles which lends to his unique hypnotic effect on his music fans. Driven in everything that he does Greg is passionate about delivering music that stirs the souls of the listeners leaving them with a sense of passion. Greg takes you on a musical journey with his silky smooth voice and a range to die for connecting with his audience romantically, spiritually and emotionally leaving them yearning for more. Greg is an extremely talented songwriter and producer with a catalogue of songs that would impress the most accomplished writers and producers of this current age. Greg's soon to be released music project Sensational will renew the ladies' faith in love, and romance, giving men a renewed sense of how women should experience romance. The release will feature titles such as Carolina, Baby I'm Yours, I've Got You, Sensational, I Love You, and The Ride; music that makes good times better and love last forever. Yes, Greg GMAN Clayborn is the new voice to be heard with a message that the ladies have longed for; so don't deprive yourselves of the experience of being cherished, romanced, and respected like a woman should.
