Biography

It all started in 2012 and only a few years later his dream came true. At just 19 years old, L3N, the student and hobby musician, turned into a professional music producer and founder of his own label. L3N could not only give proof of his talent at national gigs such as Parookaville, Bootshaus, Holi Festival and many more but also at international gigs in the Netherlands and various clubs. So far, the highlight of his career was in 2017: L3N was selected as a part of the line up for Parookaville, which is the biggest electronic festival in Germany, as the youngest act and presented his track "Ready" in collaboration with Bassjackers. Since then, world famous Djs such as David Guetta, Hardwell, Martin Garrix and W&W have supported L3N with their sets at Tomorrowland, Ultra Music Festival or their radio shows. After the release "Ready" made the #1 in Beatport Big Room Charts. Besides electronic music productions afterwards, he worked on music projects for commercial campaigns, for instance Coca Cola, Timberland, Aperol and Bacardi. In 2019, L3N released his single "Raw" on Hardwell's label Revealed Recordings. It will be continued by incredibly exciting projects for example with Wasback and his upcoming live-stream show called: GUD MUSIC FACTORY.
