„Lichtbeat“ Releases Debut Single „Good Kid“ – A Powerful Anthem of Rebellion and Self-Discovery

Munich, 07.27.2024 – The innovative music project **„Lichtbeat“** proudly presents its debut single, **„Good Kid“**. Sung by an advanced artificial intelligence, this track offers a captivating soundtrack for those who defy societal expectations and seek their own path.

About the Song „Good Kid“

„Good Kid“ is an electrifying blend of modern electro-pop sounds and profound lyrics. The single delves into the inner conflict of a child who refuses to conform to the rigid rules and expectations of the adult world. With catchy melodies and a rebellious message, „Good Kid“ resonates with a generation yearning for autonomy and identity.

The lyrics, addressing themes of rebellion, freedom, and self-determination, particularly appeal to young people navigating the journey of self-discovery. Lines such as “I have to be a good kid, but I don't want” and “I don't wanna behave, I don't wanna be your slave” perfectly capture the essence of frustration and the desire for independence.

The Uniqueness of „Lichtbeat“

„Lichtbeat“ is not an ordinary music project. The vocals are delivered by a highly developed artificial intelligence, capable of conveying emotional and expressive performances. This project uniquely blends technology with art, challenging the notion of how human-like music created by a machine can be.

Availability

„Good Kid“ is now available on all major streaming platforms, including Spotify, Apple Music, and Deezer.

About „Lichtbeat“

„Lichtbeat“ is a studio-based project that redefines the boundaries between human and machine in music. The project combines cutting-edge technology with artistic expression to create a unique listening experience.
