

BOIL THE DOG

you got a fancy car - got all the money you want
your father PAYs the PAL
bohemian bourgeois

you grill 'em all
at least you kill
here comes your fall
watch out the new lane
everything is wrong
shaving the world
engine is on and on and on and on.....

boil the dog - fry your friends
boiled dogs
fried friends - hoi

here comes the promise
you always first
you the one that counts
your love then hurts

boil the dog - I feel like a doggie
boiled dogs
and I puss it out
hey - boil the dog
hey - fry your friends

hey - boil the dog!!

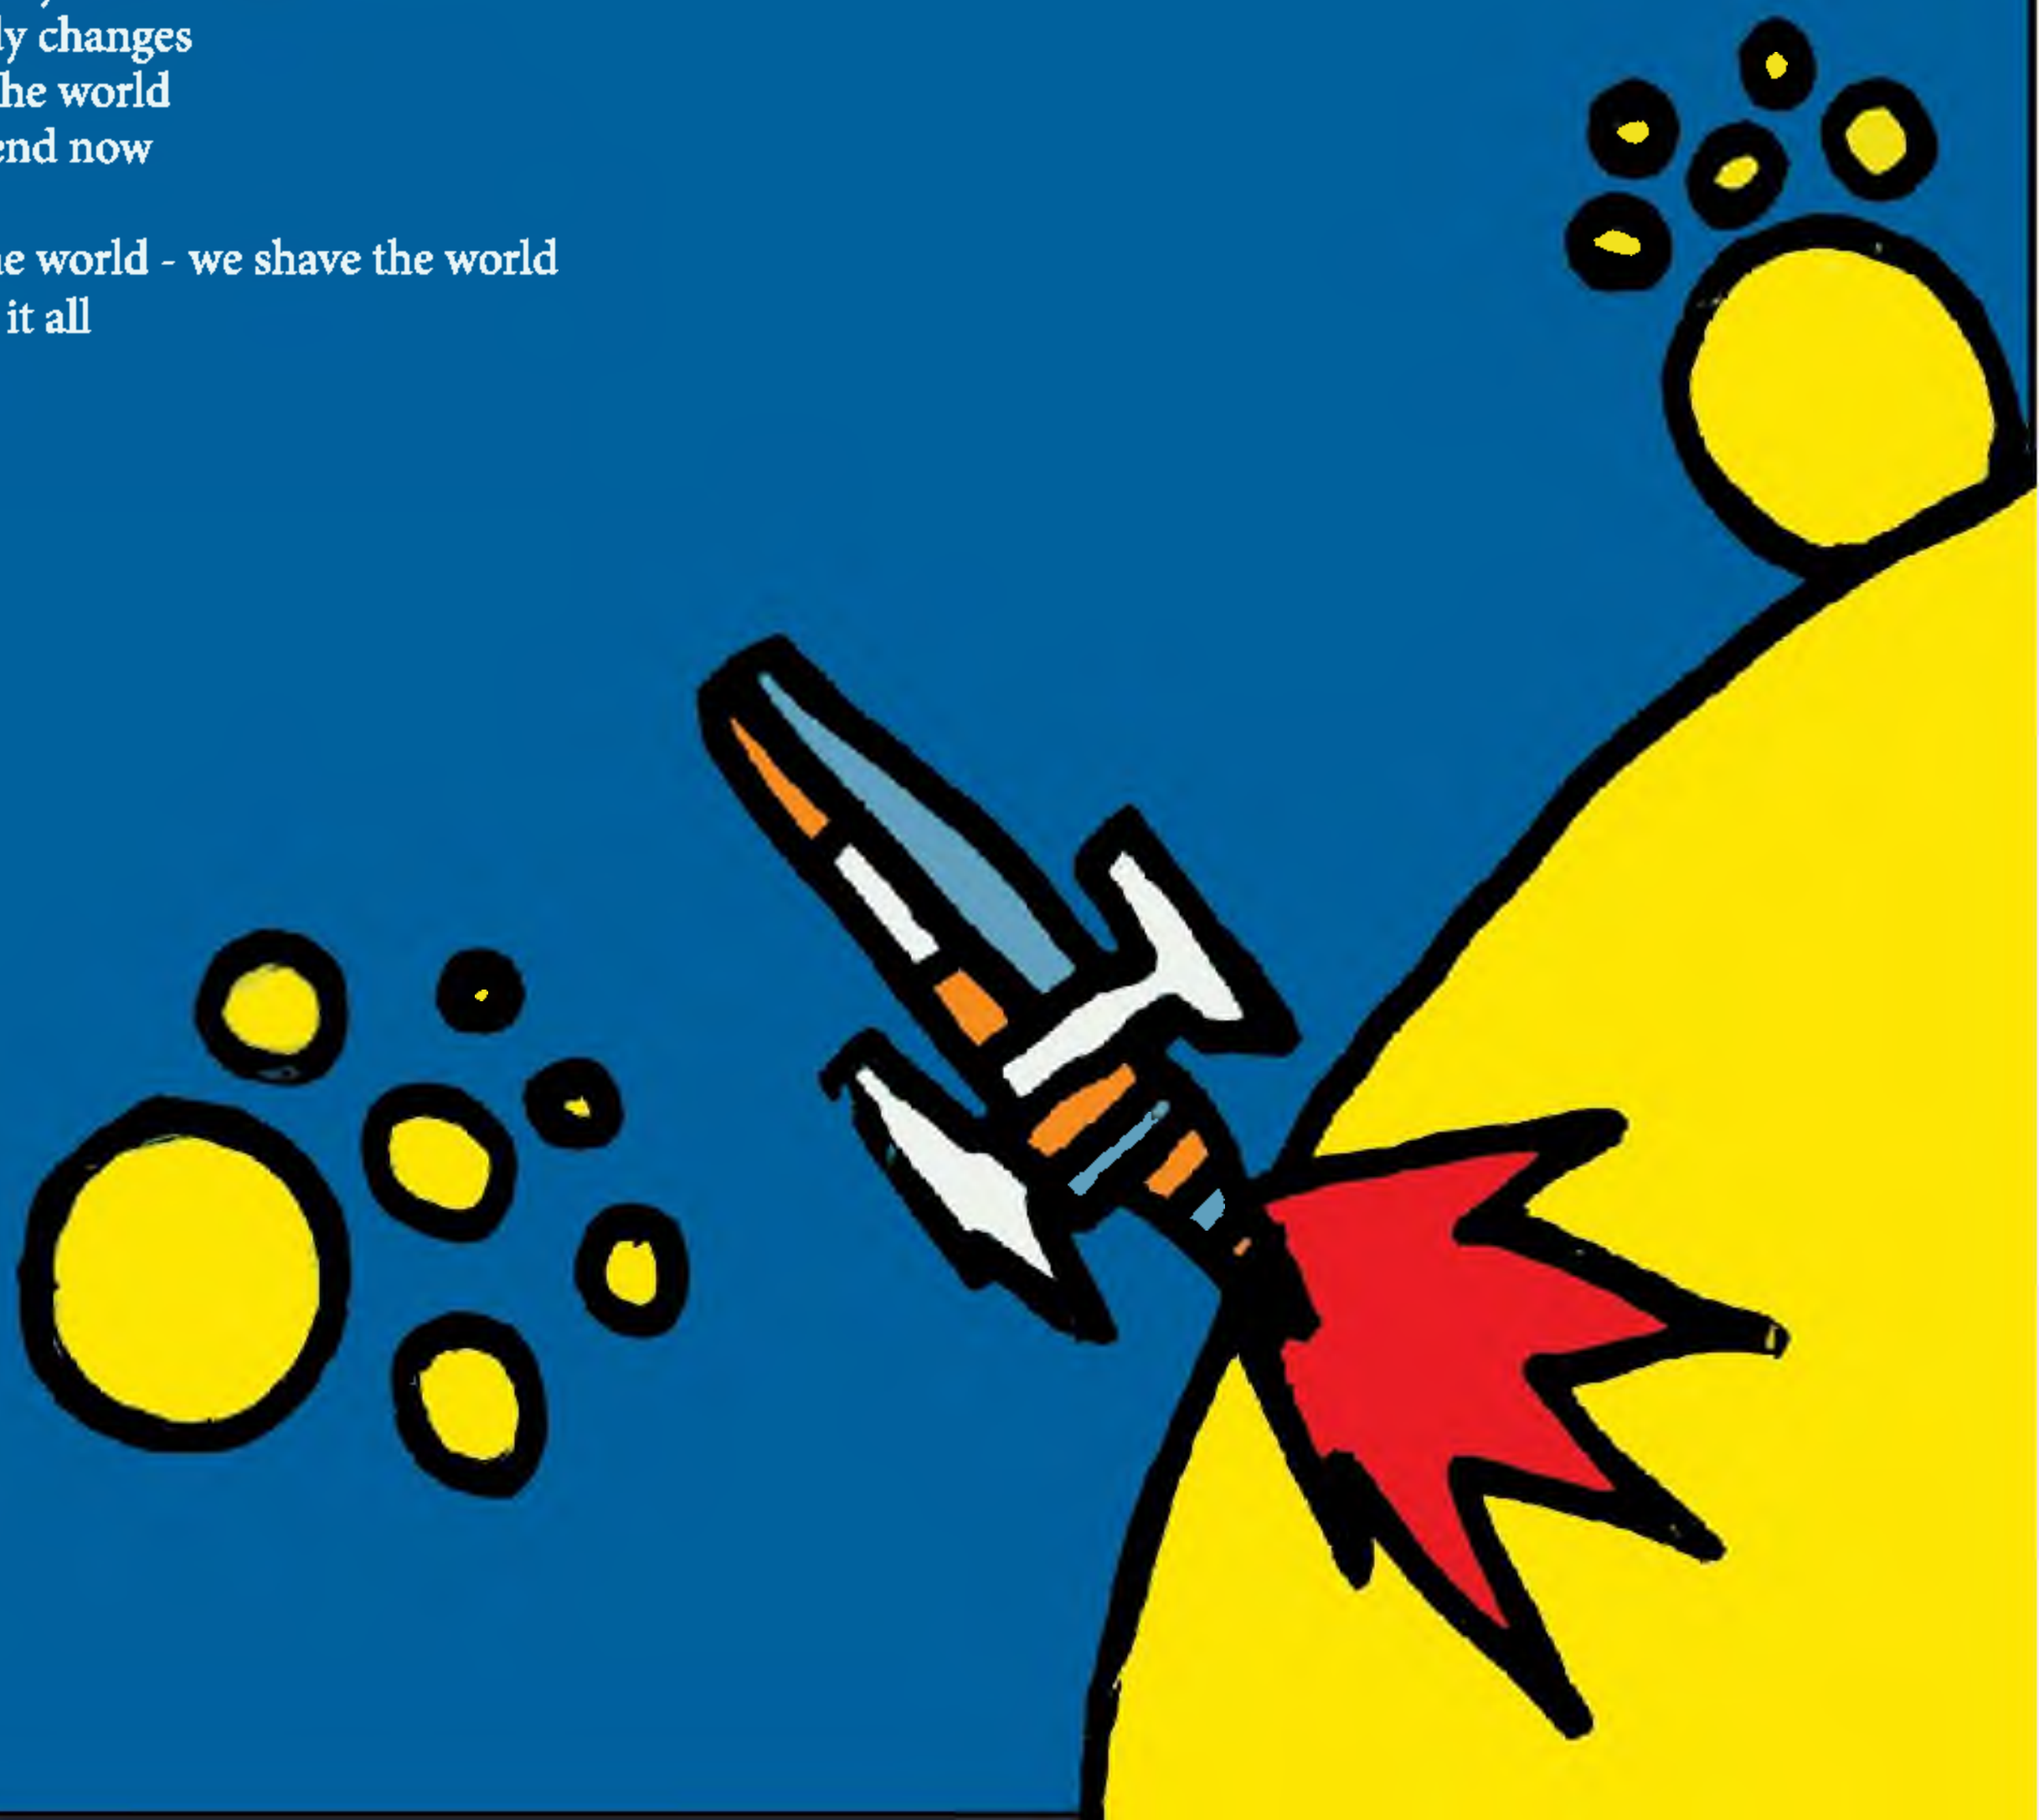

WE SHAVED THE WORLD

we shaved the world
so you so me
we shaved the world
you know back then - yo

so everybody knows that
but nobody changes
we shave the world
until our end now

we rape the world - we shave the world
we google it all

HOMELESS

burning pages tumbling down the sky - no signs at all - we want to - we want to hide
no way out everything seem so wrong
we don't know nothing - but at least we have fun

all we wanted, all we need - may the wrong thing - we are restless
all we try - try to be - may it's the wrong game - we are homeless

so we try, we try it really hard - virtual games, less reality, what a shame
yeah we try a new day a new start
all the old games are not really smart

all we wanted - all we need - may it's the wrong game - we are restless
all we try - we try to be - may it's the wrong game - we are homeless

burning pages trembling down the sky - no signs at all
I want to - I wanna hide
no way out everything seems, seems so wrong
I don't know nothing - but at least I had fun

all I wanted - all I need - may the best way I am homeless

all I try - try to be - may's the great game I am restless

and who da fuck means WE?
