## MADDY ROSE

“She casts a spell over her audience with her strong and unique voice.”  
– Norah Jones meets Amy Winehouse.”

“Good Night at Christmas”: A Christmas song without any kitsch but with a lot of soul!

This song embodies everything you would not expect from a Christmas hit. No jingle or sleigh bells, but honest feelings, aesthetic harmonies and retro minimalism. Piano, cello and violin complete this beautiful Christmas piece. Carole King and Billy Joel inspire the young singer's songwriting. The Austrian Soul and Pop singer is known for her warm, jazzy voice and soulful piano sounds. Her performances on the piano are characterized by heartfelt and touching vocals and sounds, with vintage character and strength. Modern soul with a feel-good guarantee that exudes euphoria and optimism.

Maddy Rose is signed by the female Viennese record label SILVERTREE RECORDS. With her upcoming album “pure” she wants to draw attention to the female soul and pop scene in Austria by employing only female musicians. Acoustic warm sounds, a lot of feeling and the aesthetics of unadulterated live music can be heard on their first album. The album “pure” will be released in spring 2021.
