MY DARK FATE

MY DARK FATE is an Austrian groove metal band formed in 2019 in Tyrol.

A strong combination of heavy rhythms, catchy melodies and a unique female voice turns the sound of MY DARK FATE into a modern symbiosis.

The vocalist, Brigitte Lechner, switches between feminine tones and death growls and writes the lyrics. Dominik Lechner, also bassist of [Liquid Steel](#) and Christian Federer (drums) build a solid groove section. Both composers, Andreas Maierhofer (guitars) and Herbert Sopracolle (guitars), are known for their former project [Lost Dreams](#) and carry on their many years of death metal experience now in MY DARK FATE.

Brigitte Lechner // vocals

Andreas Maierhofer // guitars

Herbert Sopracolle // guitars

Dominik 'Monte' Lechner // bass

Christian Federer // drums

About the song

LISTEN TO YOUR HEART

If you turn up the radio, Roxette's Listen to your Heart is one of the most popular Songs for over 30 years now. Probably you have a little memory that makes you smile while listening to the song or just singing along, having a good time when the song was played. In 2019 the death of Marie Fredriksson showed the importance of Roxette as a part of European pop culture.

MY DARK FATE covered the song for a live show in 2020 – it sounded pretty cool and mighty. So, the band, just tracking vocals for their debut album, decided to record the song as a darker colored cover version of Roxette's original.
