MY DARK FATE

MY DARK FATE is an Austrian groove metal band formed in 2019 in Tyrol.

A strong combination of heavy rhythms, catchy melodies and a unique female voice turns the sound of MY DARK FATE into a modern symbiosis.

The vocalist, Brigitte Lechner, switches between feminine tones and death growls and writes the lyrics. Dominik Lechner, also bassist of [Liquid Steel](#) and Christian Federer (drums) build a solid groove section. Both composers, Andreas Maierhofer (guitars) and Herbert Sopracolle (guitars), are known for their former project [Lost Dreams](#) and carry on their many years of death metal experience now in MY DARK FATE.

Brigitte Lechner // vocals
Andreas Maierhofer // guitars
Herbert Sopracolle // guitars
Dominik 'Monte' Lechner // bass
Christian Federer // drums

About the song

SHINING

At the beginning there is longing. And also at the end.

Where the boundaries between longing and dependence become blurred, the question arises as to what will be stronger in the end. Does it depend on character? Is it the world we live in? Is it love? Is it gambling, bingeing, drugs? Just a little excess? Is it the exercise of power over another human being? Is love really the strongest force? Does it have a name? Is it called anorexia, narcissism, addiction, ambition?

Or is it just love?
