

„MORYZN & Nizzabeat“ - Promoinfo Song „You & I“

MORYZN meets NIZZABEAT: "You & I"

Deep House meets Dance - Not the badest idea, that's what Mirco Morison and Uwe Thielker thought about their new project. The final result „You & I“ shows that they are absolutely right.

The perfect danceable track definitely has hit potential, the chorus won't get out of your head once you heard it. First time the two artists met each other was in Khao Lak / Thailand, MORYZN worked as a resident DJ in a big resort and Uwe Thielker was engaged with his project NIZZABEAT. The chemistry between these two was directly right, so you don't have to wonder that the final result has a lot of potential. The track „You & I“ will be for sure the summer hit 2020..
