BREAKING SILENCE

rekkorder's music is best described as catchy and energetic alternative rock, characterized by the outstanding voice of colombian female vocalist Nina Lucia. With two guitarists, drummer, bass player and smart placed sounds, the band creates hooklines you won't forget. If you do not feel warm after a rekkorder concert, it wasn't a rekkorder concert. And if you once enjoyed one, you will come back.

Current album: Breaking Silence, Release: 30th of Nov 2016
