TR Tactics still on the rise! Austria's most wanted firestarters are back for more with their heavyweight “**Rise Of The Galaxy**” split EP's second instalment.

Since at least by the release of their chart peaking “Vision” EP in Autumn 2017, which has been making big waves throughout the Neurofunk hemisphere, little more needs to be said about their sound: Uncompromising, straight-forward Dance Floor Mayhem - you know the deal! Subsequently, the duo's take on the myth of creation is telling a tale of darkness, light and raw power, coming to life as sinister techy soundscapes, dirty bass sounds and jaw breaking drums, which will be striking club floors worldwide in uncut anger.

When Part One was all about the flash, the heat & the bang, **Part Two** now takes on the forces behind, and the dimensions beyond human caprice. Witness “**The Creator**” getting its job done with a stringent triplet swagger, while “**Dark Matter**” on the Flip side does its name justice with tons of gravity dragging you down into evil blackness.

TR Tactics have been roaming the scene since 2013, holding account for numerous acclaimed releases on *Mainframe*, *Disturbed*, *Citrus* and *Addictive Behaviour*, playing out gigs at large scale events like *Let it Roll*, and having teamed up with artists such as The Clamps, DisasZt, Rhyme Tyme, Optiv, BTK and Phentix.
