## Album release 10th of June 2011

## The complete RelationsTrilogy

Norwegian artist Øystein Nybøe delivers a delicate and well-produced pop-album with songs from funny and uptempo to real heartfelt ballads. **PUBLIC RELATIONS** is his third and final album in his RelationTrilogy. The previous albums were **Relations** (2006) and **Acoustic Relations** (2009).

The theme that connects these albums is the lyrics about relations between people in many different forms.

Songs from the first and second album has been prereleased in both China and the U.S.

On this album Nybøe plays all the instruments and he is also the composer and producer. He has help with the backing vocals from Elin Aanestad Auglend and Ingvild Aardal Torkelsen.

Enjoy a good pop-album that will take you on a journey through joy and compassion.
